

The Impact100 SRQ grant funded the following programs for families in Sarasota and Manatee dealing with childhood cancer: Oncology Connection Group, Art & Music Therapy, MOMS group, Flight Camp, Family Fun Day, Holiday Adoption, Counseling and Financial Assistance, as well as the cost of rent and payroll expenses for the programs and family services staff.

The impact this will have on the community is determined by the number of patients/families that choose to participate in these programs. It is estimated that they could reach up to 50 families in Sarasota and Manatee. The project will be sustained by developing relationships in the Sarasota community to start hosting fundraising events to generate funds to run programs after the grant period ends.
